

**The SUPER-HEERO project aims at providing a replicable financial scheme for energy efficiency investment in small and medium supermarkets, based on stakeholder and community engagement.**

## OBJECTIVES

Develop and engineer an innovative scheme for energy efficiency investment in small and medium supermarkets based on stakeholder and community engagement

Compile a portfolio of ad-hoc energy measure for supermarkets and elicitation of requirements and high-level design based on case studies for segmentation

Implement the innovative financial instruments for energy efficiency investments in two relevant pilot case studies

Define a structured strategy and methodology for the replicability of the financial scheme focused on capability building at regional/national level

Identify barriers and needs to support the development of regulatory and policy frameworks that allow the uptake of innovative financial schemes for energy efficiency investment
